

An Informative Two-day Seminar:

# **MIOsha 10-Hour** **For Construction**

## **1** *Who Should Attend . . .*

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOsha

## **2** *Why you need this Seminar . . .*

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (*2003 Liberty Mutual Safety Index.*)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

## **3** *What You'll Learn . . .*

This ten-hour program presents an overview of MIOsha regulations for the construction industry. Detailed information is presented to enable the participant to develop an accident prevention plan as required by Rule 114 of MIOsha Construction Safety Standard Part 1, General Rules. An overview of MIOsha inspection procedures is presented as well as the most frequently cited MIOsha violations in the construction industry. Participants gain detailed information regarding construction and health standards relative to the industry.
